Sir:

PETITION TO THE COMMISSIONER UNDER 37 C.F.R. § 1.182
TO CONVERT REQUEST FOR CONTINUED PROSECUTION
APPLICATION TO REQUEST FOR DIVISIONAL APPLICATION

On January 29, 2001 papers were filed in the Office for a new divisional application from application Serial No. 08/696,988 filed August 16, 1996. This new divisional application included 63 pages of specification, claims and abstract, 19 claims, copies of the Declaration from the then pending application, a Preliminary Amendment replacing original claims 1 through 14 with claims 15-33 and an Information Disclosure Statement. Attached are true and correct copies of the papers filed on January 29, 2001 as well as a copy of the post card receipt evidencing this filing.

The Preliminary Amendment filed with the original application papers indicates in the remarks portion "This is a division of earlier application Serial No. 08/696,988 filed August 16, 1996" on which the issue fee has been paid. A similar indication of a divisional application appears in the heading of this Preliminary Amendment.

The transmittal sheet accompanying the divisional application papers referred to 37 C.F.R. 1.53(d) which is otherwise known as a Continued Prosecution Application. In fact, counsel intended the application to be submitted under 37 C.F.R. 1.53(b) a divisional application.

Application Serial No. 08/696,988 issued as U.S. patent 6,245,900 on June 2, 2001.

Attached is a request for filing under Rule 53(b).

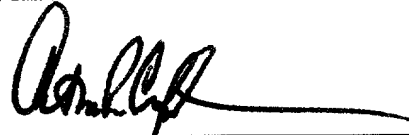

Petition is hereby made to treat the January 29, 2001 Continued Prosecution Application filing request under Rule 53(d) as a request under Rule 53(b) for a divisional application

Initial filing fees were paid with the papers submitted on January 29, 2001. If additional fees are required, including the fee to have this petition considered, authorization is hereby given to charge them to Deposit Account No. 14-1140.

Respectfully submitted,

NIXON & VANDERHYE P.C.
